- Participation in an exhibit, festival, vendor showcase or artist residency for which participants are chosen through a competitive process or by exclusive invitation
- Presentations at a conference or symposium for which presenters are chosen through a competitive process or by exclusive invitation
- Purchase of equipment and materials to expand or improve an applicant's business:

CAREER ADVANCEMENT AWARDS DO NOT FUND

- Activities focused exclusively on artistic skill-building
 - These funds support business or career development. This opportunity is not for creation of artwork. Exceptions include residency and exhibition opportunities. These funds are for the purpose of advancing what has already been created.
- Funding to offset regular operating costs of a business
 - CCI will not directly fund the regular operating costs of creating art, but will fund expenses used to advance the creative business once content is created.
 - **Example:** If you are creating an album, you can request funds for business costs once the album is complete, not the regular operating costs to create and record the music.
- Business start-up costs
 - Equipment requests must be upgrades, not initial equipment needed to begin a creative career.
- Funding to offset applicant's regular salary or wages

- Applicant should not include expenses to compensate for personal time spent on the project.
- Cost of buildings or construction
 - Funds cannot cover the cost of maintenance on an existing building or for the construction of a new studio or additional space.
- Reimbursement of expenses paid prior to **November 1, 2019 – June 30, 2020.**

Colorado Creative Industries supports a diverse array of creative work but if you are unsure if your project is eligible, please contact CCI before applying. Contact: Taylor Tschida, Program Manager at taylor.tschida@state.co.us or (303) 892-3832.
